December 03 - 05, 2015

Bangalore International
Exhibition Centre,
Bangalore, India

MetEx India 2015

4th International Exhibition
on Metal, Materials and
Metallurgical Technology,
Equipment & Supplies

*Concurrent with
Conference on
"Metallurgical Industries –
Sustainability and Value Addition"*

Jointly organized by:
IIM Bangalore and Vijayanagar Chapters

IIM
Metallurgy
Materials Engineering

Bangalore Chapter

koelnmesse

Koelnmesse YA Tradefair Pvt. Ltd.

"India" - Land for your Business Opportunity

Population : Over 1.2 billion

Land Area : 3.29 million sq km

GDP Growth : ~ 5.5%

India...

- Largest producer of Sponge Iron
- 2 largest producer of Castings & Forgings in the world
- 3 largest producer of Coal
- 4 largest producer of Bauxite & Zinc
- 5 largest producer of Steel
- 7 largest producer of Aluminium

The Tradefair

MetEx India 2015 - 4th International Exhibition on Metal, Materials and Metallurgical Technology, Equipment & Supplies is the initiative taken by The Indian Institute of Metals, Bangalore Chapter, IIM Vijaynagar Chapter and KoelnmesseYA Tradefair Private Limited with the support from the Industry and other important associations from India and abroad to create a platform for the Metal Industry which is fast growing and one of the most significant industry of the Indian Economy.

Government Initiatives

- With the new liberalized policies of Govt of India, Indian metal and metallurgy industries have taken a new shape to cater to the present domestic and export demand.
- The Ministry of Steel has proposed to set up special purpose vehicles (SPVs) with State governments to revive investment in the steel sector. The role of the SPVs will be to acquire land and obtain all necessary environment and forest clearances, while NMDC Ltd will be the company creating these SPVs.
- The Ministry of Steel has also proposed Special Mining Zones, where regions with mineral resources will be identified as strategic resources and one nodal authority will arrange necessary green clearances for mining projects in such areas.

Confe

Objectives:

- To provide a forum to facilitate interaction between the R&D experts and the captains of industry with the metallurgical equipment manufacturers
- To disseminate current state of art practices and learn about the future trends in the industry which would make it compete in the future
- To identify potential research and opportunity areas for researchers and industry
- To learn about how the Indian companies are standing up to the global challenges of future
- To network for better future benefits.

Be there where decisions will be made...

MetEx India 2015 will be the key business platform for the Indian Metal Industry where leading buyers & managers responsible for making decisions make it a point to visit.

rence

Invited talks would be given by eminent professionals and experts in the fields. Further, there would be themes dedicated to :

1. Development in ferrous/non-ferrous industries
2. Addressing the sustainability issues
3. Need for value addition

A special poster session is being organised exclusively for students for which papers are invited.

Exhibitor Profile

- Ferrous • Non Ferrous
- Metal Technology • Metallurgical Equipment • Metallurgical plants and rolling mills • Information Technology related to Metallurgical Industry • Furnaces
- Welding, cutting & joining technology
 - Metal Working / Forming
- Forgings • Hand / Power Tools, Hardware
- Wire, Tubes & Pipes • Surface Treatment, Coating & Paints • Safety Equipment
- Smelting • Environment Control and Energy Conservation • Instrumentation & Process Control • Research & Development
- Services-Consultancy and Project Management • Non Ferrous Product & Services - Die Casting, Extrusions, etc.,
- Automation Systems for Metallurgical Process

Visitor Profile

- Buyers / Sourcing Personnel from
 - Ferrous & Non Ferrous Manufacturers
 - Automobile Industry
 - Engineering Industry
 - Defense & Aerospace
- Technology Suppliers and Technology Seekers
- Trade Delegations
- Government Officials
- Investors and Promoters
- R & D Institutions
- Turnkey Project Consultants

About the Organisers

The MetEx India 2015 conference is jointly organized by the Bangalore and Vijayanagar Chapters of The Indian Institute of Metals (IIM). The Bangalore chapter is located in the Department of Materials Engineering at Indian Institute of Science, Bangalore is almost co-eval with the IIM headquarter at Kolkata. The Vijayanagar chapter is located at JSW Steel, Bellary. IIM, is the premier organization representing metallurgists and metallurgical engineers in India. Founded in 1946 by a group of metallurgists, IIM is the largest professional organisation for metallurgists in India with over 10,000 members from R&D laboratories, academia and industry. The Institute carries out its activities through three divisions, viz., Ferrous, Non-Ferrous and Metal Sciences and 52 chapters across the country. The Institute is recognised & supported by the Govt. of India through the Min. of Steel and is highly regarded in the world today.

Koelnmesse YA Tradefair Pvt. Ltd. - An Indian subsidiary of Koelnmesse GmbH, Germany - is one of the leading trade fair organising company in India. The hallmark of a successful trade fair is its ability to bring markets and people together in an efficient and highly professional manner. It organises trade fairs on key industry sectors like food processing, packaging, dairy, heavy metal, chemical processing, hardware and tools, dental, etc.

Sponsorship Opportunities

To maximize the visibility to the participating exhibitors we have designed few sponsorship opportunities like:

- Lanyards of Visitor Registration Badges
- Exhibitor Kit bags
- Internet Café
- Cocktail Party
